SEYRAN

Seyran Koltuk started production as a small business in Bursa in 1984 by Bilal YARAN who our founder.

The turning point of a company is the vision and strategies put forward by the management staff. Seyran, short, medium and long term goals; has been determined within the framework of principled, transparent, rational and moral values and continues its activities accordingly.

Today, as one of Turkey's leading seat manufacturer with a global vision, well-educated, our professional team and modern service concept, we are greatly pleased and proud to offer millions of homes and offices 32 years of quality products worldwide.

Seyran provides added value to the country's economy by producing and creating employment, and does not compromise on business ethics in all business processes. In its production; quality, honesty and consistency are of great importance.

Seyran's most important asset is human. It is a people-oriented institution that sees human as an active element on the way to success in the corporate organization pyramid with its well-educated, disciplined and hard-working personnel whose quality is constantly increased. In this context, it has gained great reputation in the sector as a company that respects the legal rights of its employees, adopts the principle of working in accordance with the legislation, and cares about their education and development.

Seyran, founded on robust values just like any sturdy foundation, showcases the essence and excellence of its brand in each and every product it crafts.

Craftsmen who can masterfully blend the wisdom of the past with the technology of the present, and who understand the value of innovation and development, are engaged in production. At Seyran, values are passed down from generation to generation, evolving over time.

SEYRAN

Sofas by Seyran are designed with luxury details based on comfort and functionality, where current technologies are integrated into 40 years of experience. Seyran, produced with top-notch craftsmanship, leaves its mark on the sofa series with its expertise and quality.

Seyran obtains fabrics for its exterior finishes from internationally renowned brands that meet high-quality standards. Through its selection of textures, colors, and patterns that influence global interior decor trends, Seyran has earned acclaim worldwide. Proud to be counted among the select global brands that bolster its standing in the industry by blending exceptional craftsmanship with superior quality materials, Seyran also takes pride in its forward-looking approach.

All materials used in production are carefully selected to minimize harm to the environment. From fabrics to foam, textile materials used are produced to international standards of quality.

With Seyran, you can personalize your sofa series with fabrics favored by global fashion trends and create the seating group of your dreams. It's time to blend your style with comfort!

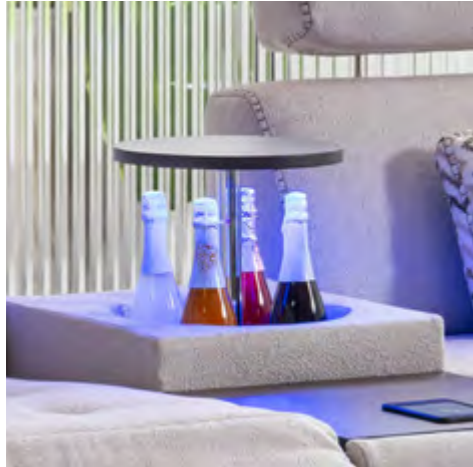

In Seyran collections, fabrics are diversified to be adaptable to the desired model with color combinations offered in swatches. You can personalize the collection by designing your sofa, armchair, and cushions according to your taste.

FABRICS THAT SET THE TONE FOR GLOBAL FASHION WITH TEXTURES AND COLORS

In our living spaces, where comfort is paramount, the quality of the fabric used in sofas, along with ergonomic designs, is crucial. Fabrics produced to international quality standards offer various features that become essential during use. The latest generation of furniture, incorporating fabrics suited to contemporary textile technology such as water-repellent,

stain-resistant, or antibacterial properties, is now a preferred choice. Seyran, designed with smart furniture modules adaptable to spaces for those accustomed to the comfort of smart homes, is prepared with details that will make you feel special. Seyran Collections are adorned with fabrics worthy of palaces in terms of texture and quality.

BAR SYSTEM

As a specialized mechanism or design feature found in furniture pieces, it offers users an integrated solution, providing practicality and comfort in storage and Access.

MUSIC BOX WITH WIRELESS CHARGE

A music box with wireless charging capability is an innovative system integrated into furniture. It offers the pleasure of listening to music while also wirelessly charging your devices, and its ability to connect to the television brings the cinema experience right into your home.

PHONE HOLDER

The phone holder is an integrated system built into the armrest of the sofa, allowing users to keep their phones hands-free. This practical solution provides convenience and security by keeping phones easily accessible and securely held in users' living spaces.

Crafting Technical Details For Luxury Enthusiasts

WE DESIGN DETAILS THAT ENHANCE COMFORT IN LIFE.

At Seyran, we produce smart products with mechanical and electronic details that can be added to every module and model, enriching your life with added comfort.

HALF RECLINER

The half-recliner seat offers users a comfortable seating experience, featuring a partial incline design that doesn't quite reach a fully laid-back position. Perfect for both lounging and socializing, it provides a snug environment while conserving space in living areas.

CONSOLE

The console is a stylish and functional piece found in any furniture ensemble. It serves as an ideal choice for maintaining home organization and adding a finishing touch to the decor.

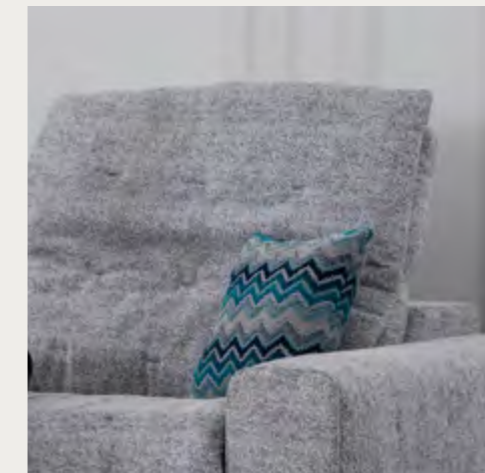

ZERO GRAVITY TV RECLINER

The zero gravity TV recliner is an innovative furniture system designed to provide users with maximum comfort. It is crafted at an angle similar to a reclining position, allowing users to comfortably watch TV or read books while relaxing. Providing equal support to the body, it reduces stress and creates a sense of relaxation.

COLD CUP HOLDER

This feature is specially designed to keep your drink cool and within reach. It allows users to easily access their beverages while preventing spills on furniture, making the living space more organized and convenient.

HEADREST

It comfortably supports the user's head, neck, and shoulders, enhancing comfort during sitting or reclining. With its ergonomic design, it improves the user's relaxation experience and provides long-lasting comfort.

MOVEABLE HEADREST

This feature affords the user the opportunity to tailor their seating posture or comfort level to their liking. By providing a heightened sense of flexibility and comfort, they ultimately enrich their experience within their living spaces.

CONTROL BUTTONS WITH USB

This feature not only allows users to control the electric functions of the furniture but also enables them to charge USB devices. By offering convenience and ease of use, it enhances functionality in living spaces.

INSPIRING **CORNER LOUNGE RELAX** ROOM SETS

Innovative furniture designs integrate corner sofas to craft functional spaces, infusing a modern and airy ambience into your living areas. Sofas by Seyran elevate comfort in your home with their corner set collections, showcasing a range of models, patterns, and dimensions for a contemporary touch.
